The people who are suffering now need an inspiration to save themselves from the perils of starvation. They will not get this through the mere furnishing of seeds. They need the pressure of responsibities in citizenship and an education and elevation to the point of bearing such a pressure. Until something of this sort for the new Surrogate proposed in Senato is at least under way the danger will be ever present of famine brought about largely, as the present one was, by the utter shiftlessness and irresponsibility of most of the people affected.

WHERE YOUR LIVER IS. "I was taken sick with liver disease and ulor

tion of the boweis; my heart was also affected. It was finally confined to my bed three months. A consultation of physicians was held, and I was pro-nounced incurable. After that I stopped taking their remedies and began the use of Dr. Greene's Nervurs. Previous to this I could not sleep, my nerves were excitable and spasmodic, my stomach would not bear food, womting almost constantly. Foon after beginning Dr. Greene's Nervura I slept better, and my stomach would hear light food. I continued to gain until I could gat out. I now work the greater portion of the time, and feel that Dr. Greene's Nervora saved my life.
